

HEAR. BE HEARD.

ZūM Maestro USB/BT Combo™ Headset

Wireless *Bluetooth®* for Smartphones and Tablets • Softphone via USB PC/Mac

*Use as Softphone with your PC/Mac
for VoIP applications, like Skype.*

*Wireless Bluetooth® so you're free to
move while paired to phone or computer*

Wireless or Softphone as you need it

The best thing about the ZūM Maestro USB/BT Combo™ Headset is it's dual use: Softphone using USB for VoIP apps on your PC/Mac computer, and using *Bluetooth®* to pair with your phone or tablet (iOS or Android) or computer (Mac/PC). And if you have a Deskphone with *Bluetooth®* capability, it will even work with that! However you use it, the Base has the connectivity so your headset is always wireless.

The comfortable headband wearing style, with extra large leatherette ear pad, is ideal for those spending a lot of time wearing a headset.

Part#	HS-2060	
UPC	800807320437	
MSRP:	\$119.99
