

ZūM Maestro USB/BT Combo™ Headset

Wireless Bluetooth® for Smartphones and Tablets • Softphone via USB PC/Mac

Wireless Bluetooth so you're free to move while paired to phone or computer

Softphone with your PC/Mac for conferencing apps

One Headset. Two Ways to Connect.

Some wireless headsets make you choose — Bluetooth for your phone, or USB for your computer. The ZūM Maestro USB/BT Combo does both from the same headset, switching between your PC or Mac via USB and any Bluetooth device — smartphone, tablet, or Bluetooth-capable deskphone — without re-pairing or swapping equipment.

The base handles all the connectivity. Dock the headset when you're not on a call and it charges automatically. Pick it up and you're wireless instantly — up to 33 feet of range and up to 12 hours of talk time on a single charge.

Large leatherette ear pad and lightweight headband make it comfortable through back-to-back calls. DSP noise cancellation microphone keeps your voice clear on the other end regardless of what's happening around you.

Part#	HS-2060
UPC	800807320437
MSRP:	\$143.99

ZūM MAESTRO USB/BT COMBO™ HEADSET FEATURES

- 01** Compatibility: USB for Softphone Mac/PC. Smartphones and tablets, iOS and Android. Desktop Phones with Bluetooth® capability.
